

\$100 Account Credit!

For replacing your high-flow toilet(s) and urinal(s)
with an ultra low-flow fixture

More than 45 percent of water use in the average American home occurs in the bathroom, with nearly 27 percent being used by toilets. Lower your usage and your water bill by replacing your high-flow toilet(s) and urinal(s) with an ultra low-flow fixture (ULF- 1.6 gallons or less per flush). **Only homes or buildings built prior to 1995 will be eligible for the rebate.**
