Parks & Rec.

Parking & Well Add

More family friendly parks: open areas - kids playgrounds

Kids space

More waterfront amenities

Kid Parks
Splash Park

Kid activities/parks

↑ young family parks. we have plenty of relaxing parks. Let's encourage activity

more shade in the parks.

Accessibility to more areas w/ amenities

KID FRIENDLY

Parks & Rec —

We need to realize that there are actually a lot of families here. Because of age median so much is geared towards the older citizens. I grew up here & want to raise my family here, but it is frustrating when the older people

Environment Conservation

Absolutely

Once gone — gone forever.

Keep Greenery on Island as is

Plan green areas (wetlands) for displaced animals

Land Use & Development

Allow

Planning Dept more flexibility in Adopting Conservation Land Design Planning Techniques

TO MANY COOKIE CUTTER HOUSING DEVELOPMENTS AND THE DEVELOPMENT OF AN "COUNTRY" LAND - EAST OF TOWN. PRESERVATION OF THESE LARGE TRACTS OF FARM LAND → AERIAL

More use for the 20-40 age group

MIXED USE

Mixed use on and around island

Mix Shopping & Community

↑ mixed use properties, walkability

No taller bldgs in island. 3 story preserve some low density areas.

CONNECT ZONING w/ COMP PLAN.

Stand alone Communities
I'm areas just now being built (same model as Main St @ Lakewood Ranch)

My Biggest Concern —

building on every piece of land imaginable we need to leave some alone. Need to come some of the "old florida"

Economic Development

CUT BACIC

BUILDING RESTRICTIONS IN TRIPLE DIAMOND

Mixed use

Clear diverse businesses to strengthen the economy of Venice

Employment

Embrace tourism

↓ allow for our city to keep its character while accommodating guests.

ENCOURAGE small Business Development

We are constantly ranked among the best places to live but our job market for millennials is fairly low compared to other cities in FL

LCIML
DNU
WV BUS

Economic development is critical to providing financial stability. A stagnant economy is the same, functionally, as a declining economy. To that vein, I propose that an additional shopping district east of 75 will allow for job creation as well as foster entrepreneurial growth.

Mixed use

Employment that provides a livable wage and is on the bus route

There should be more training for our high school students for the businesses here in Venice

Airport
Move OFF ISLAND Prime Land
Too large a lot to leave for high use
Also development here (restaurants/shops / new animal parks)

Repelling the ANTI-Growth, anti-Business factors in City.

Expanding well paying new seasonal job opportunities by attracting more high tech companies.

With no economic viability so give the best of the projects.

Community Preservation

Community Preservation — we need to keep Venice quaint. If we keep building & building we are going to lose our small town charm. I was born here (41 yrs ago) & I feel we are going to become too big & become the next big town.

Help Historic Preservation by making historic bldgs on Nat'l Harbor Regale supporting new museum & parkland

Stop Building on Island! of Building over 3 stories

Historic preservation - we live in an amazingly charming city & it is why it thrives - we must balance smart growth & preservation

Historical Venice seems to be disregarded in large part. The demolition of the Circus is a prime example of an instance where preservation and renovation should have been the solution.

Preserve the uniqueness flavor & beauty of the area

Protecting the character of Daintown Venice

Housing

Affordable housing

Affordable housing

Affordable Rentals

Workforce housing - backbone of an excellent community.

Affordable Housing

Apartments

WORK FORCE HOUSING

Multiple Family Housing for Lower-Income employees both on, and off the island

Workforce Housing

Affordable Housing for full time residents that are working!

Workforce Housing

It is of the utmost importance that our community find a solution to the rapidly increasing demand for workforce housing. As it stands, it is less expensive to live in surrounding communities and commute to Verica. A solution to this could be specially zoned development with limits on size or square footage of properties.

Affordable Housing for our mid-income (services) workers = APARTMENTS

Affordable/Workforce Housing

Affordable housing

workforce housing that is affordable to single individuals of all ages + employment

I think that affordable housing has diminished over the years. This area needs improvement

Need an apartment designated area in to be developed area.

WORK FORCE HOUSING

WORK FORCE HOUSING

WORK FORCE - AFFORDABLE HOUSING - NOT LOW INCOME HOUSING

Work Force Housing

Affordable Housing Low HOA'S & CDD'S

Work Force Housing APARTMENTS AFFORDABLE SINGLE FAMILY HOMES

Work Force Housing - not to be confused with Low Income housing

Multi generational affordable housing. To house families as well as singles

Transportation

River Road Expansion to handle Area's development

More North/South

Connections

Parking downtown

Island Left Hand Turn signals on Turn in Miami

Widen Ven Hue Bridge

N/S CONNECTOR EAST OF 75

Transportation specific to the work force who may be without a car.

more parking on the island

We need a viable solution to traffic on the island during season. One possible solution is the development of an alternate shopping district that offers a similar mainstreet feel located east of 75.

Island

Parking

RIVER RD. 4-LANES

Transportation - We need a more robust public transportation system -

River Road widen

River Rd Widen

Parking Around the Hospital

Parking

Downtown Traffic

Shuttle

Automated Traffic Flow via synchronized Traffic lights on major road ways

Island Parking

Expanding N/S ROADS THAT ARE 2 LANES BUT HAVE 4 LANE RIGHT OF WAY'S.

Island parking

more and safer bike lanes - trails - if we had more options for biking it would alleviate some of the traffic on the island

RIVER ROAD NOW!

Improve moving people who enter vehicles

Parking

Community Services

Hospital on Island

Converted hospital to assisted living or another similar - (GET RID OF THAT HOT MESS) Build SMH facility off island

Community services that help train the working force

Must meet local needs well or lose the best opportunities for a strong community

City of Venice

VENICE 2016-2026

Preserving Our Past ~ Preparing For Our Future

Please provide your input on the following questions:

1. Provide three things about the City of Venice that you feel are positive.

- ① Our location on the Gulf of Mexico = beaches + weather
- ② Our down town area = small town feel
- ③ Caring local citizens
- ④ ^{close to} County Recreational / Environmental Area's

2. Provide three challenges/issues facing the City of Venice.

- ① Infrastructure overload - Roads & water
- * ② Affordable housing for working families + seniors
- ③ Diverse Economy - the area needs industry besides retirement + tourist services

3. Any additional comments:
