Preserving Our Past ~ Preparing For Our Future

One word...

that describes Venice **TODAY**

OLD

that describes **MY VISION** for Venice

OLDER

have other thoughts?

Bring life to E. Venice Ave.

- housing (apts) above businesses
- warehouse space for artists' galleries/workshops
- Craft Beer brewery
- modern light industrial, not just auto repair shops, (though they are needed)
which land designated as in beginning
Time to update/Change

have other thoughts?

Keep developers
accountable !!

have other thoughts?

Venice is a charming special place,
struggling to deal with growth.

The plan already has a starting
place - Nolan. What would Nolan
have done? Let's build on the
Nolan plan.

have other thoughts?

E Venice Avenue and the "industrial area" by Seaboard Ave have so much potential to be the hub of Venice.

Needs:

- Mixed use zoning
- Parking
- Greenspaces
- Bicycle and pedestrian friendly roads

have other thoughts?

use own comments
wisely for the common
good

have other thoughts?

We moved to Venice Island because
it is a walkable/bikeable
community

one with varied housing + incomes
+ diversity

honor the John Nolan plan

+ create community

Not ~~Not~~ large homogeneous developments

have other thoughts?

Keep Venice as a charming, walkable city w/ small-town shops, many small parks + playgrounds, etc.

Repair all streets on a planned schedule.

Venice Avenue is a disgrace, esp. since it's the most important roadway in the city.

Library should remain on same site, maybe incorporating Museum + Archives.

(2 stories w/ elevator would provide more usable square footage)

Venice Ave Bridge should be demolished + replaced similar to KMI bridge w/ wide sidewalks + bike lanes.

Bridge openings + closings should be on a clearly posted schedule ~~the~~ like many on Intracoastal Waterway on East Coast (e.g., every 30 min or 60 min.)

have other thoughts?

- ① What is the problem this proposal intended to solve?
- ② What are the 5 things that make Venice special? Any proposals should enhance these attributes not detract.
- ③ Please be aware of unintended consequences of your decisions.
- ④ Don't make this Sarasota!!

have other thoughts?

Venice is a one of a kind place
the quaint Island - opportunities for growth
East of HI - it is a vibrant community
lets keep it that way - with the Nolan
plan as a guide

Encourage golf carts on the island
and when planning community attention to
infrastructure constraints

have other thoughts?

Don't try justifying a change
by catering to the lawyers & developers

Venice does not need change
especially in density & height

have other thoughts?

THE CITY DEFINES ITSELF
BY THE UNIQUENESS OF
VENICE ISLE. FREEZE DRY
IT AND MAKE DEPARTURES
W. OF I-75.

have other thoughts?

Do not threaten downtown's economy by allowing some homeless to beg outside tableside diners along West Venice Ave. These same diners will choose to eat elsewhere where they are not bothered.

Also, these same individuals, at times, harass beach goers at the pavilion as well as downtown by "squatting" outside bathrooms, particularly when Farmers Market runs on Saturdays.

have other thoughts?

Great idea, this meeting. Please advertise more!
This lovely town is a true heaven on earth.
Please work hard to keep it that way. The library
of course is a gem and replacing it on the
island is a must! Also, drivers must realize people
do walk & bike here too & must be better
drivers - using turning signals, etc. And I'm a
driver & notice this Daily! Wonder hometown.
Please put heads together & think about the
library. Thanks for all who worked here
tonite. Great idea

have other thoughts?

I chose Venice because I can walk to everything I need & I stopped driving. However, sometimes the service I need is off-island & public transportation requires a transfer. It's unpleasant at the train depot and because of the schedules, very time consuming. A door-to-door pickups for elderly people at a raised cost of maybe \$2.50 each way, would be great. That service is available on Cape Ann, MA - The C.A.T.A. Low income riders get a pass.
