Structures listed individually on the National Register of Historic Places or listed as a contributing structure in a NR district should be reviewed by the city's historic preservation board according to the Secretary of the Interior Standards for Historic Preservation!

have other thoughts?

Need to strengthen the architectural standards

have other thoughts?

Venice is a charming town that is being swallowed by growth and the need to tear down and develop all the wooded parcels. Quality of life appears to not be highest about in any of these new housing developments. How many Publix's do we need? Guess Venice wants to become like most other over developed, over commercialized beach towns.

Very SAD!

have other thoughts?

the parking lane along Venice Ave in the down town area should be converted to a side walk to help with congestion

Community Preservation
preserve the feel and charm of Venice, but not as a static entity. Bring in new ideas/opportunities that complement the historic

Land Use / Development
in keeping with what our infrastructure can support

Land Use / Development
to preserve downtown area, while providing other opportunities in the city limits

Park + Recreation
cleaned up + maitained

Transportation
Make it easier for more of the population to access downtown without a vehicle that needs to be parked

Env. Conservation
without a protected gulf front, the city would struggle to maintain it's appeal.

Economic Viability
- Respect values of historic tourism & historic destinations in Venice, ie VMA Depot & John Nolen Depot & footprint
- Incentives for owners of historical properties

Housing
- less highrise
- less structures that resemble tunnels

Transportation
- Perhaps parking outside is needed w/ transportation to island
-

Land Use & Development
- Careful consideration of future of Edmond Industrial area
- Waterfront hotels on intracoastal

Environmental Conservation / Parks & Recreation
Maintain parks & wild corridors such as Pinebrook, Curry Creek, Myakka

Parks & Rec

ELIMINATE THE DOWNTOWN PARKING LOT & MAKE IT A WONDERFUL TOWN PARK

PAVED BIKE/WALKING PATH FROM JETTY to SHARKEY'S ON THE BEACH.

Increase safe corridors for walkers/bikers between parks + rec areas.

Pick up open Canal along 41 where Rehoboth whole food is

Strand, boardwalk along waterfront

Improve Venetia Park!

AS MUCH GREEN SPACE AS POSSIBLE

Parks & Rec.

As per Nolan plan, parks + their facilities should relate to and enhance the area they are in. Family neighborhoods provide play + sports facilities, high density areas should provide outdoor living, entertainment + relaxation. The original island plan does this pretty well - need →

Park areas on the island, and elsewhere, need investment in the landscaping + upkeep

CLG for Venice

Fiscal support & respect for role of historical exhibits museums preservation of important artifacts

PROVIDE AD VALOREM TAX INCENTIVES

Community Preservation

Community Preservation

Retaining mostly to island.
Maintain small town atmosphere, restrict changes to homes, with emphasis on keeping older, established neighborhoods as how they were when first developed.

Give owners of Historic properties a good reason to preserve them. TAX reduction stronger tear down restrictions

CLG for Venice

Maintaining and enhancing the character + historical nature of Venice Island Continuing to utilize Nolan plan and philosophy in the ongoing development of Venice - Where the Parts and neighborhoods

Maintain the buildings + city layout to preserve the look + feel of Venice.

ENCOURAGE NO TEAR DOWNS OF HISTORIC (OR SOON TO BE) PROPERTIES

CLG with a strong historical preservation component

as need to expand the concepts of the Nolen Plan to areas beyond the island. - Ideas of green space and more pedestrian friendly →

Historic Preservation

ENSHRINE HISTORIC PRESERVATION IN COMP. PLANS UPDATES

COMMUNITY PRESERVATION

The Nolen Plan is so valuable — whether you call it "New Urbanism" or not.

PLEASE DON'T GIVE UP ITS SOCIETAL STRENGTHS for "modern" expediencies.

COMP PLAN SHOULD GUIDE LOCAL HISTORIC PRESERVATION ORDINANCE THAT MAINTAINS HISTORIC RESOURCES OLDER THAN 50 YRS

VENICE AS CERT. LOCAL GOVERNMENT

CERTIFIED LOCAL GOVERMENT FOR VENICE

Transportation

I'd like to see a parking garage - multi level downtown, perhaps over the post office, keeping the P.O. downtown. Then we could ~~to~~ expand the gazebo, etc to make the downtown park something quite special

Need - Truck Routes ~~to~~
- Lower Speed limits on the island
- stop signs on Harbor Drive
- ~~to er~~ make more
- pedestrian friendly

Island becoming very congested - core people. Alternative options for moving around the Island parking - then shuttle to downtown - beach, etc!

Rapid transit system for local use

Island is becoming very congested - ~~Mass~~ Mass alleviate transportation around Island

Transportation

In conjunction with growth of new home communities we need to plan ahead for increased traffic + parking needs. Providing off-island parking + shuttles to beaches + downtown may be a way to curb island traffic + parking issues. Creating walkable pedestrian friendly areas out off the island are very important. Yorktown is a model for other small urban areas.

Trolly is good but will take a long while to become established. Longer hours (at least to enable evening diners to use it) may be necessary. No huge parking structure downtown. ~~All~~ Vision needs to be improved @ main intersections

VALET OR SHUTTLE SERVICES (+ TROLLEY)

Limit parking (N) of Summit of Venice. People not aware of it if they won't walk 2 blks, for that a parking garage in order

more alternatives to driving cars.

TRANSPORTATION

1. MAINTAIN TRAFFIC "CALMING" OVER SPEED EFFICIENCY
2. NEVER SACRIFICE GREEN SPACE FOR CENTENNIAL PKG. (ESP on island) FOR PARKING
3. LESS TRAFFIC LTS/NOT MORE ON ISLAND

The trolley is a great idea but it needs: longer hours, expanded routes (out to the jetty) and more trolleys to shorten wait times

~~All~~ Tall Island Golf Cart assable orn North Bridge over South Bridge To Seniors Friendship

Environmental Con.

Of course! Environment is why we like Venice. Keep parks, green areas, wetlands.

Keep Green Space

Housing

Housing

Greater Venice - care need to be taken not to over develop beyond what our infrastructure can handle. Venice is a great place to live because it is not too big, usual doesn't have the problems of larger cities.
Downtown/Island - keep to the plan. Require renovations of multi family to remain so but in scale + style of original plan

No high Rise

need housing for working class. We are good about high end but need affordable income housing for working person

In Creas Density on island Apt District for Affordable housing for aging Singles or work force

All New Development to have % of work force housing Required

No high rise buildings!

Provide more cost effective low income housing

Work force housing a high need

Alternative housing — lower cost for elders + young families

Provide more than one access point to gated communities — ~~prefer~~ for non-residents

Community Services

Library on the Island!

Community Services

As evidenced by the recent concerns re: the library, the community may need another day time gathering space for regular use. Not just the community center for meetings + events but a place to socialize, use technology, etc. daily

Have County keep Library on Island

New library on Island - on site of present lib!!!

keep up the good work

KEEP SARASOTA AWAY FROM OUR TAX DOLL. LOOK WHAT THEY DID TO OUR LIBRARY!

Economic Development

Make sure have jobs for working class that pay decent — not minimal wage

NO NEW HOTELS ON THE ISLAND

Responsible development where needed, but definitely not on the beaches e.g. luxury hotels and condominiums. This lack of development makes the charm of Venice comparable elsewhere

The DOWNTOWN IS THE PHYSICAL & SYMBOLIC HEART OF THE COMMUNITY. KEEP IT HISTORIC KEEP IT BEAUTIFUL OUTSIDERS Judge Venice by DOWNTOWN!

Land use

Move the Post Office

LAND USE & Development—

Never "give in" to developers.

Community first — maintain green spaces — in whole city (of course "the island")

WORK Force Housing

Provide enough in the way of services to avoid congestion on the island.

- Preservation
- Environmental Concerns
- Responsible Development
- If necessary

In downtown Venice, the North side of Venice Ave should be used for more than parking and the post office. I'd like to see the retail/commercial uses expanded in that area.

CITY— (BUY) THE POST OFFICE or USPS move to S. Venice Ground

KEEP the ISLAND RESIDENTIAL

Limit height of bldgs
- Preserve intracoastal views
-
