

City of Venice

VENICE 2016-2026

Preserving Our Past ~ Preparing For Our Future

Please provide your input on the following questions:

1. Provide three things about the City of Venice that you feel are positive.

- 1) AMBIENCE OF THE CENTER OF VENICE
- 2) BEACH FRONT AND NORTH JETTY PARK AREA
- 3) HISTORIC CITY PLAN BY JOHN NOLEN.

2. Provide three challenges/issues facing the City of Venice.

SEE ATTACHED SHEET

3. Any additional comments:

SEE ATTACHED SHEET

Question #2

- a) Prohibiting any revisions or modifications of the center of Venice along Venice Ave, Miami Ave, Tampa Ave and extending westward to the Venice beach.
- b) Provide a state-of-the-art, clean, infection free, easily accessible hospital.
- c) Prohibit mid-rise or high-rise apartments or condos on the island that would increase the density of people. This would ease traffic, parking, infrastructure and security problems in the area.

Question #3.

For outlying areas, such as, Pinebrook and Venetian, create a well-designed town square or town circle with a gazebo park and commercial area with upscale shops and restaurants. This would attract not only the newer residents in the area but also residents from the island.
