

## CERTIFIED INSPECTION REPORT FOR PROPER OPERATION & MAINTENANCE OF PRIVATELY OWNED STORMWATER MANAGEMENT SYSTEM

This responsibility is pursuant to Rule 62-624.440(2), F.A.C., which requires National Pollutant Discharge Elimination System (NPDES) permit holders to implement a stormwater management program that includes pollution prevention measures, treatment or removal techniques, stormwater monitoring, use of legal authority, and other appropriate means to control the quality of stormwater discharged from a Municipal Separate Storm Sewer System (MS4). Thus, any discharges into the City's storm sewer system are subject to City regulations and inspections for compliance with these standards.

1. STORMWATER MANAGEMENT SYSTEM INFORMATION:

| Facility Name:  |        |      |
|---|--------|------|
| Permit No.:   |        |      |
