REQUIREMENTS

Construction Permit (Review/Modification)

In accordance with Municipal Code; "A Florida registered professional engineer shall be employed to design and inspect the installation of all required improvements such as streets, sidewalks, drainage structures, bridges, bulkheads, and water and sewerage (waste water and reclaimed water) facilities. All plans for improvements shall be prepared by such engineer and approved by the city engineer prior to construction. All survey monuments shall be installed as required in F.S. ch177." Complete cover sheet and submit with all plans, specifications, information and data necessary to determine the character of the improvements; including but not limited to:

Construction plans in accordance with City Standard Details

Construction schedule

Copies of all applicable permits and approved plans from agencies, such as SWFWMD, FDEP, NPDES NOI Letter & SWPPP, County or FDOT must be submitted to the City Engineer prior to commencement of any construction activities. A representative of the City Engineer's Office will inspect/verify installation of items that will be turned over to the City for operation and maintenance. The Owner/ Developer will be billed for inspection services. The City Utilities Department will TV sanitary sewer lines and report to the City Engineer. The Owner/ Developer will be billed for the TV inspection.

I certify that the foregoing information is accurate and that all work will be done in accordance with all applicable laws including Section 74 of the Venice City Ordinances, Municipal Code Sec. 62-1 through 62-126,

86-423 and all other applicable City Ordinances. I understand that improvements must be constructed in accordance with applicable City Standard Details and that I am responsible for the maintenance and replacement of all improvements that are installed in the City of Venice ROW.
